

Company **Profile**

MUTEÇORAP

We Have Been Working For Turkey And Producing For The World For 25 Years...

Combining years of experience with the latest technology machinery in with two factories, Temu Socks has become one of the leading sock brands in Turkey and in the world.

We have achieved a significant increase in our production capacity by adding the Mute Socks factory established in Sinop in 2016 to our existing production facility which produces 30,000,000 pairs of socks per year and exports them to the biggest brands in Europe. **In this context, we will continue to invest in Turkey's future in order to contribute more both in terms of employment and the economy.**

Tevfik Sağlam

Quality Policy

As a brand that aims for the image of a constantly improving, leading brand, we as TESA Socks Group, set our quality standards with an innovative perspective based on **R&D. "Quality" stands out as a constantly evolving value in our system, where customer expectations are taken into consideration, sectoral needs are predicted and technology integration is made. We also ensure sustainable development of both our employees and the company with in-house trainings, updating of our existing systems with our modern point of view and the innovations that will provide it.**

Our Mission

It is our primary goal to provide professional services by understanding the developing technology and changing sectoral expectations. It is our irrevocable value to improve in line with the requirements demanded by keeping customer satisfaction at the maximum level.

* * *

Our Vision

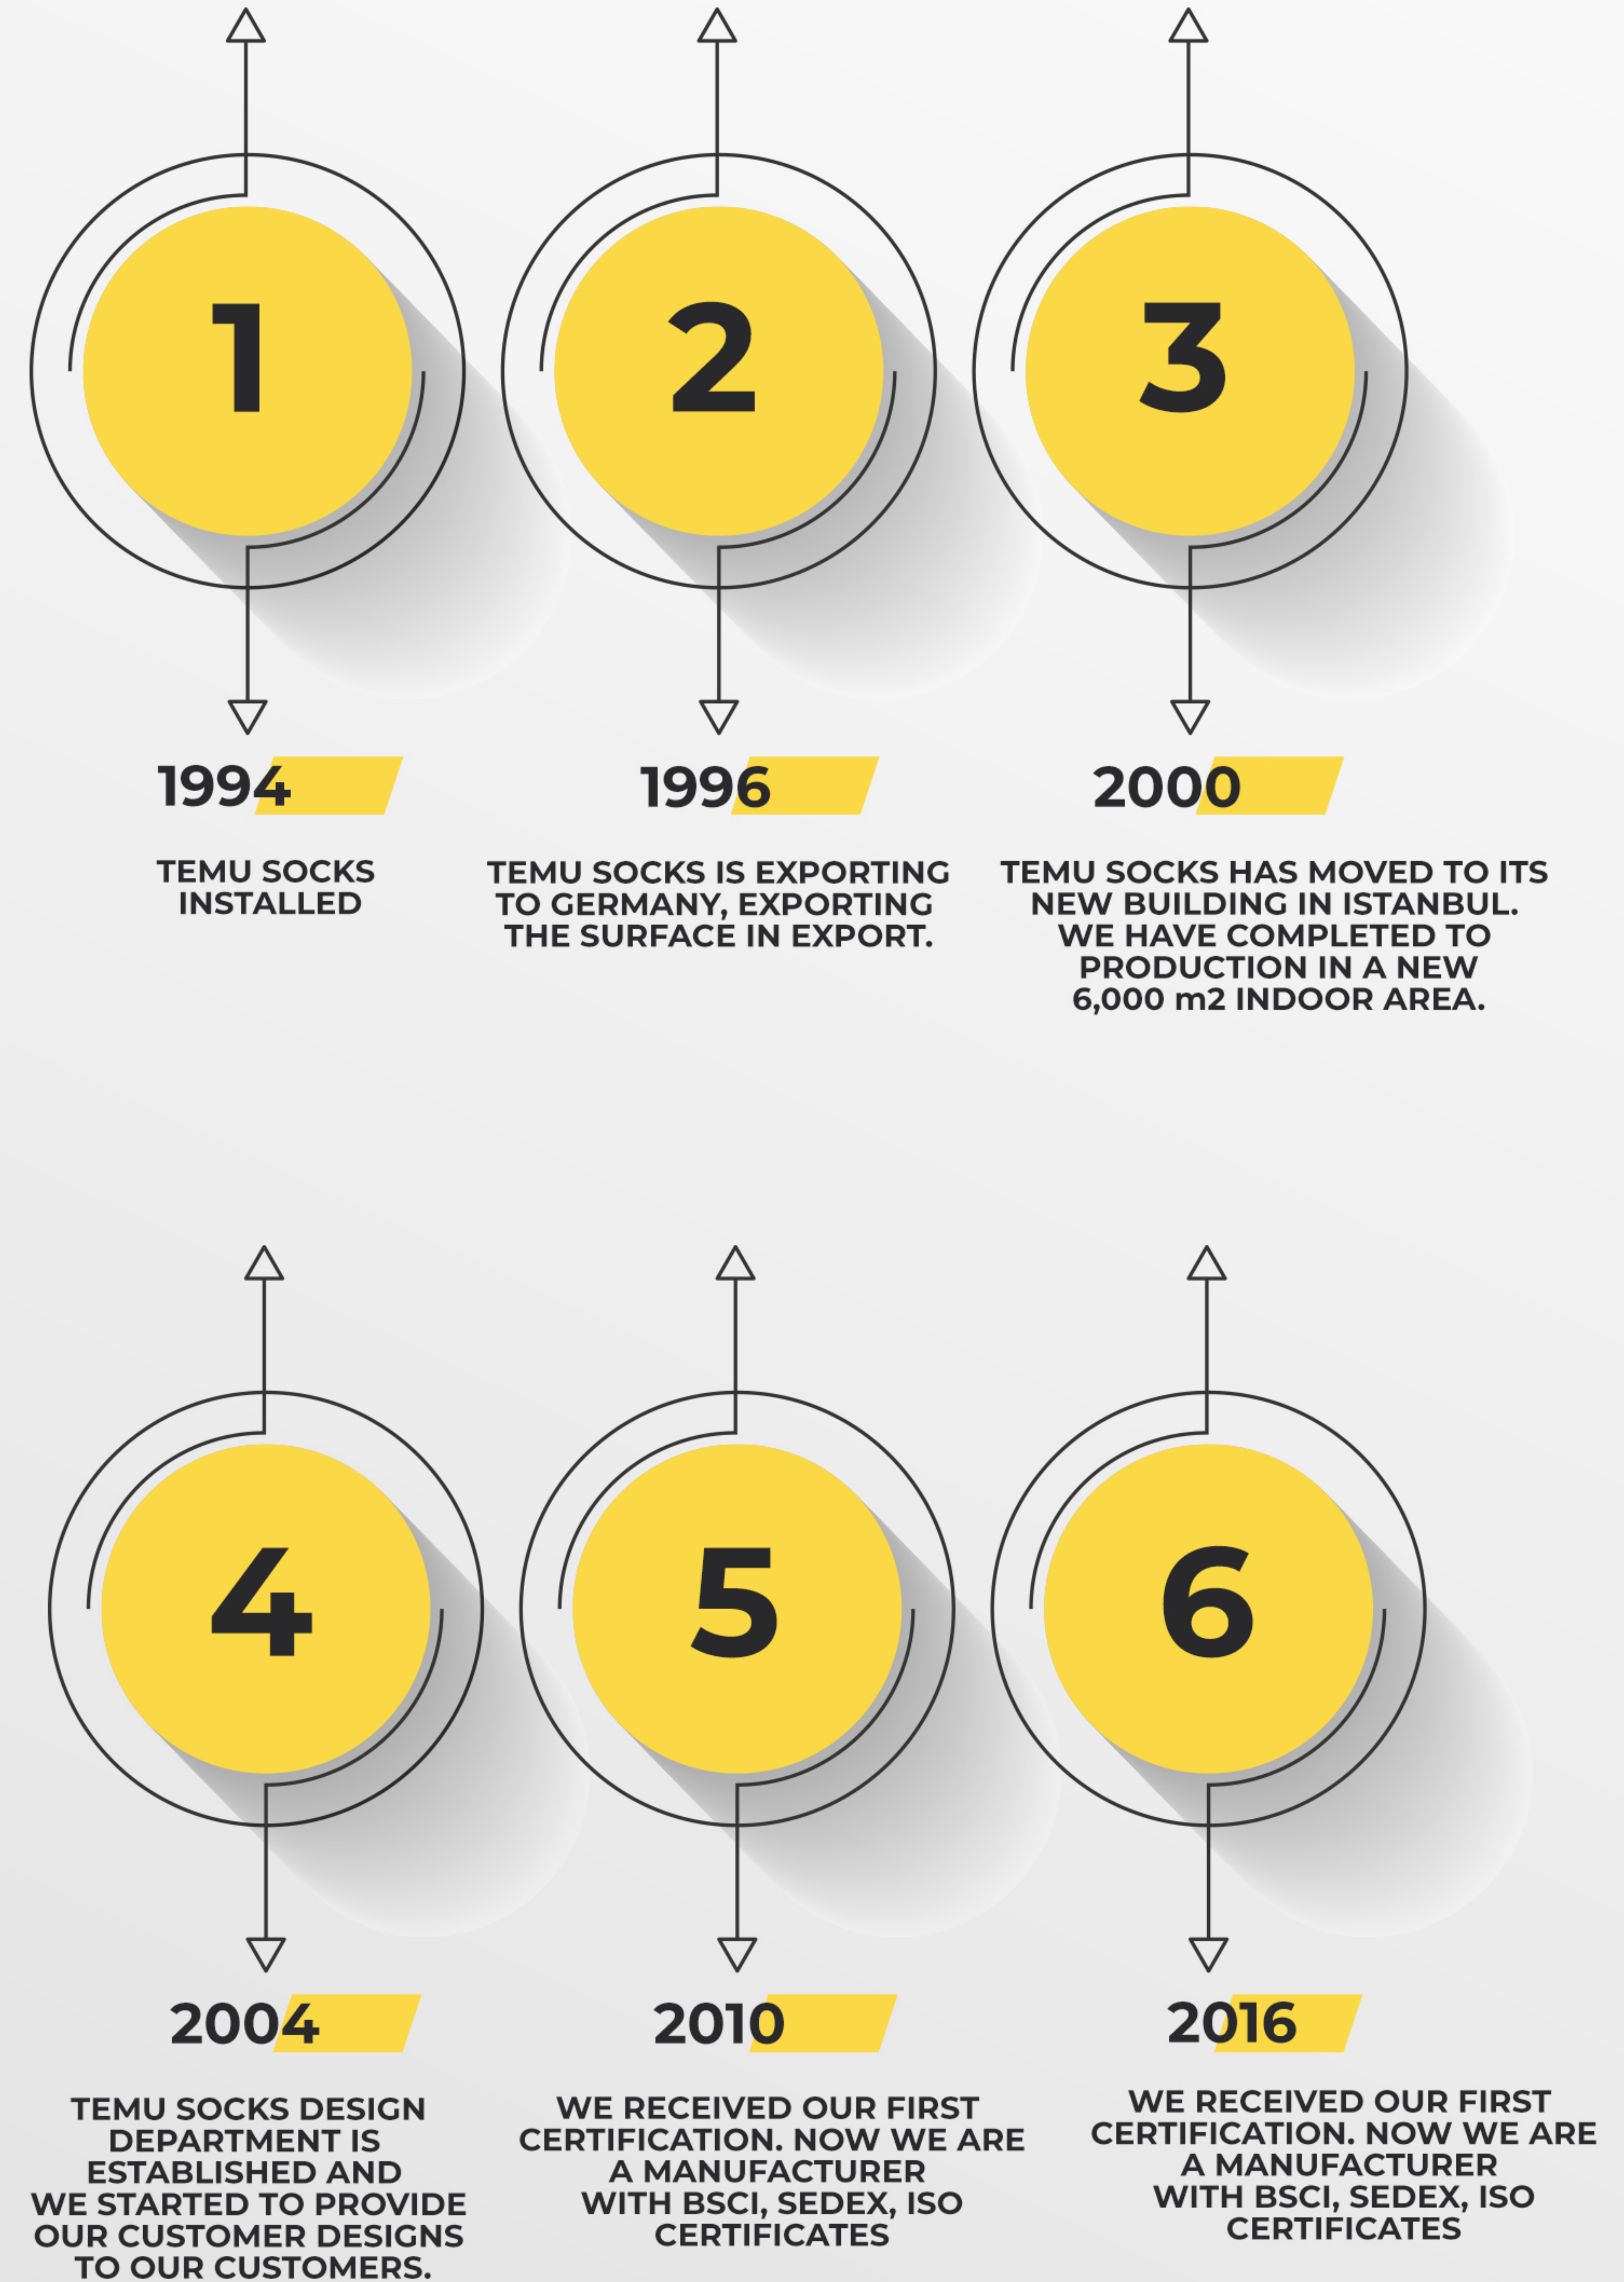

Increasing our sectoral competitiveness and playing for the top in terms of market shares underlie our company vision.

In addition, it is our primary principle to improve by offering high quality, safe, creative, solution focused products and services.

It is time to reflect

Lorem ipsum dolor sit amet, consectetur adipiscing elit.

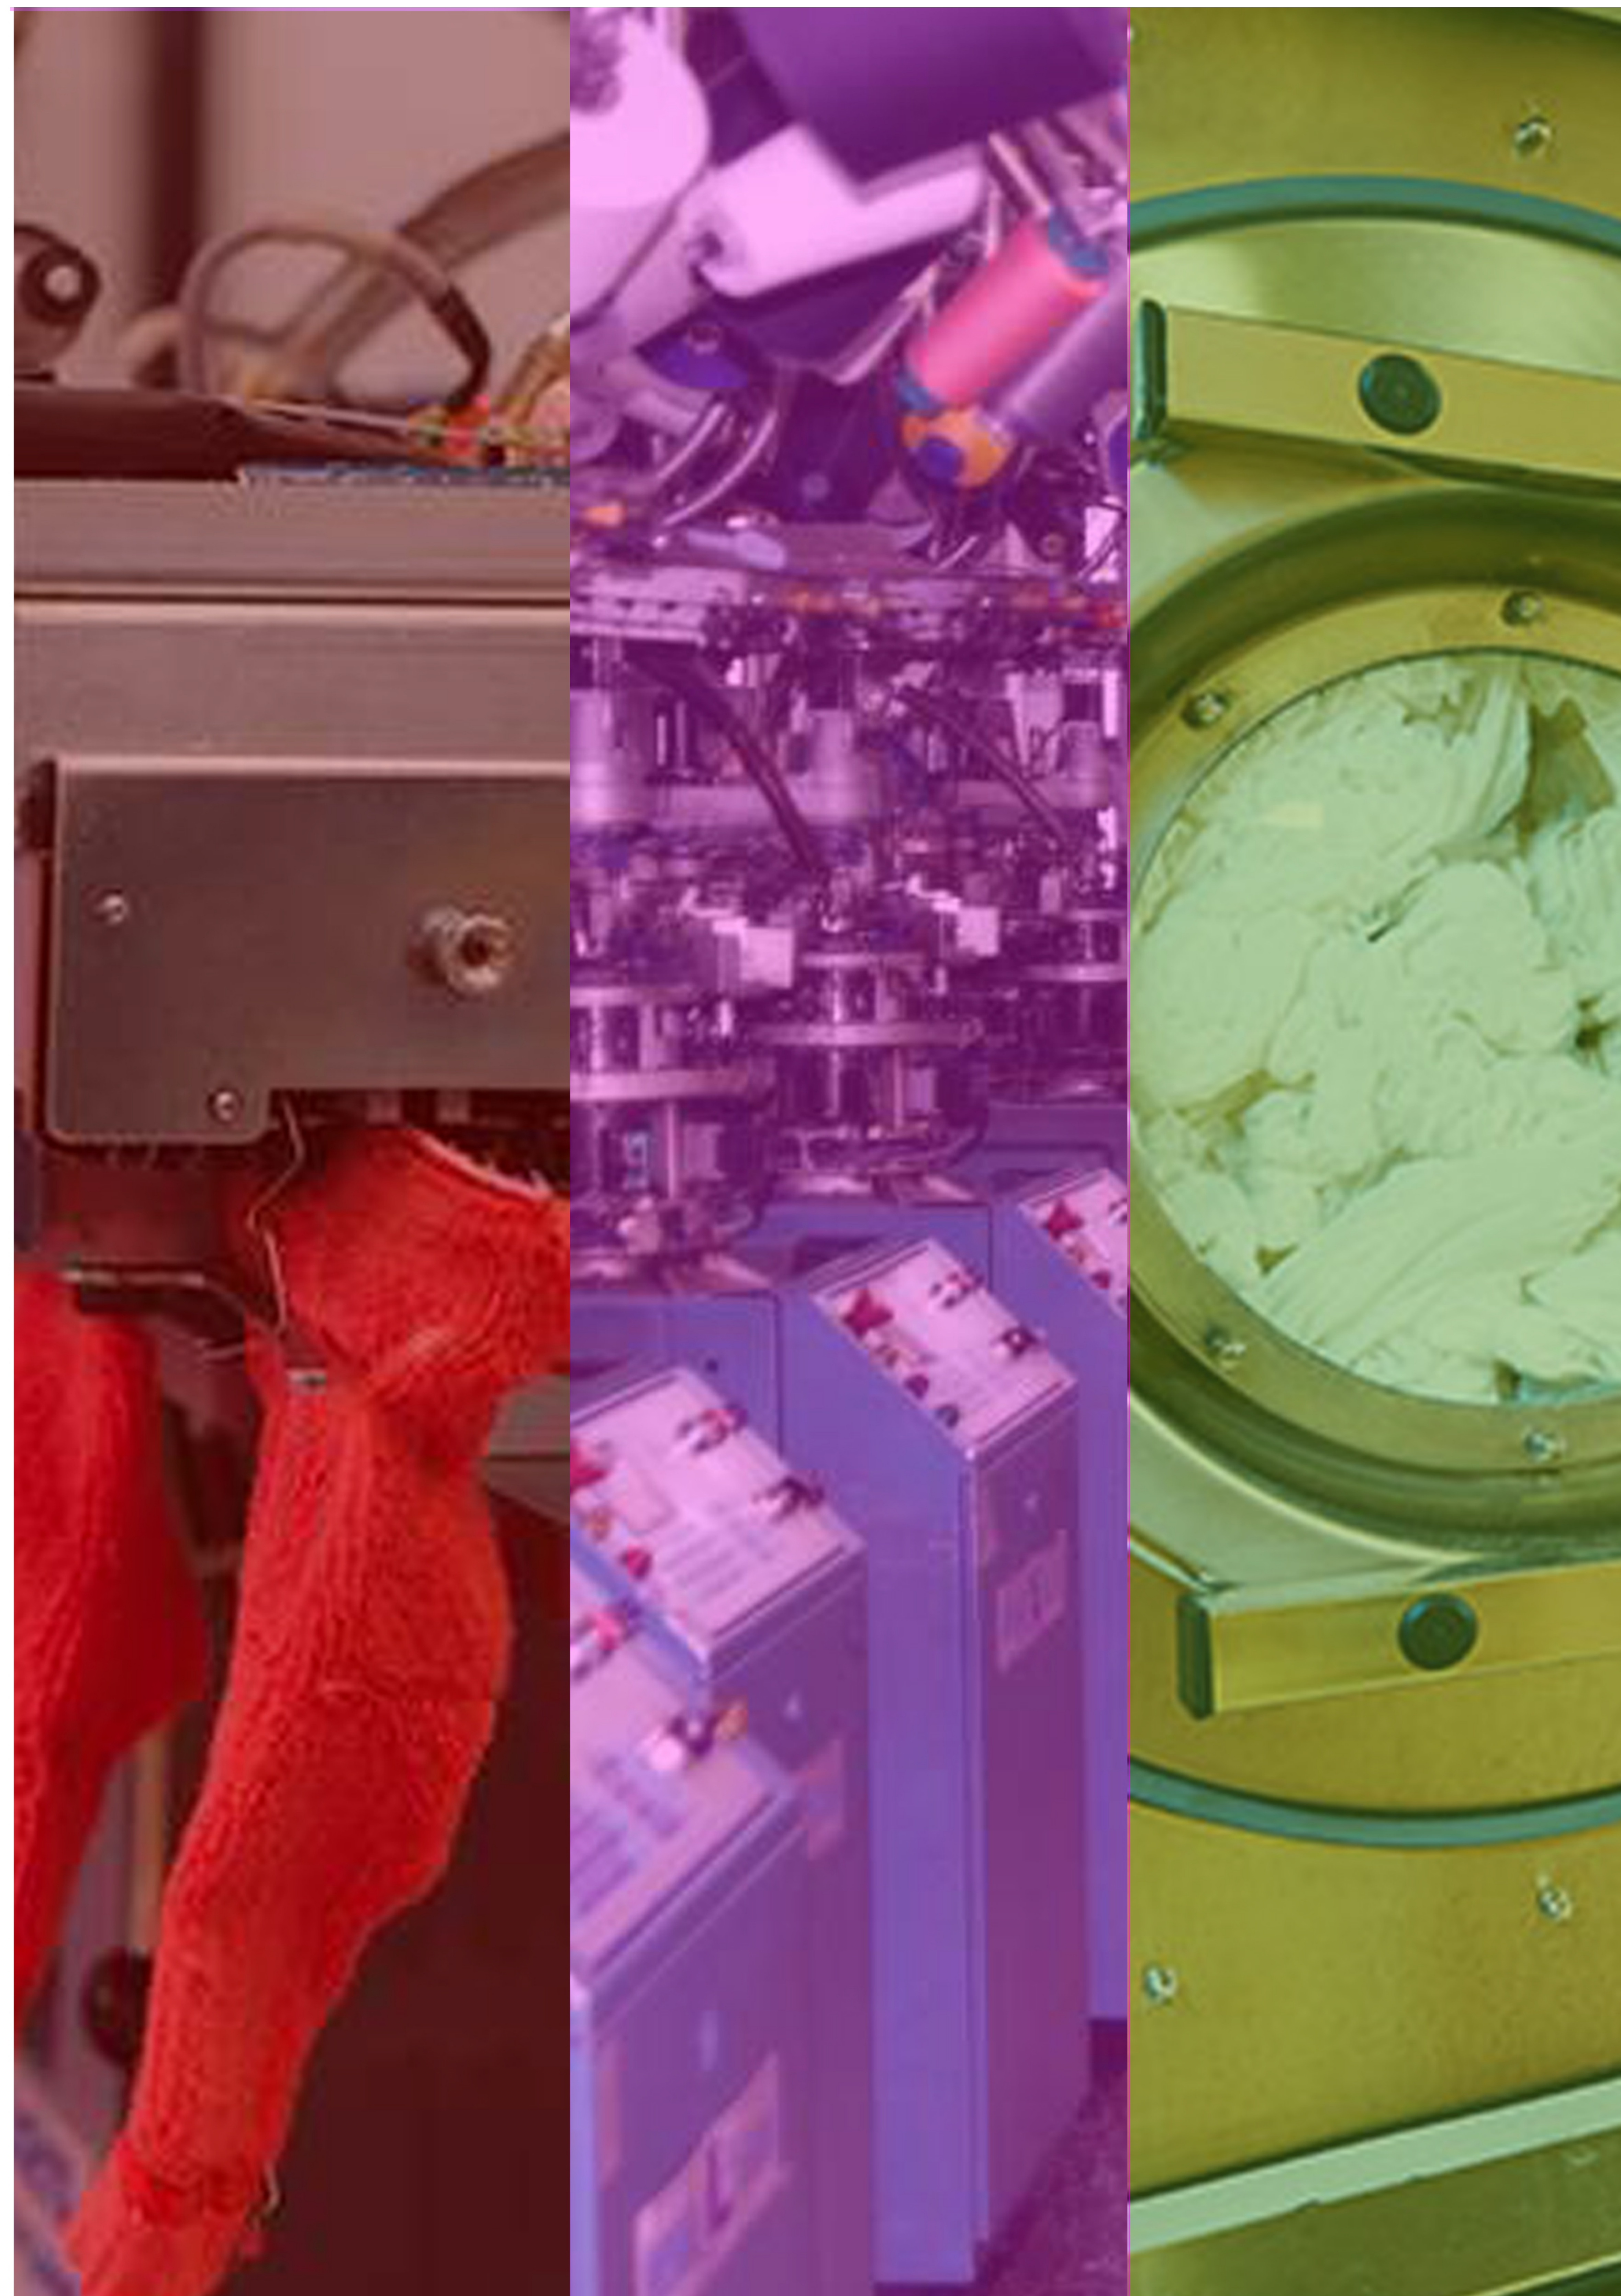

OUR FACTORIES

TESA Socks Group is founded in 1994 by Tevfik Saglam for socks production and sales with the brand of TEMU SOCKS . Since its foundation, the Company has obtained a planned, scheduled and steady growing. The company has been growing consistently with its successful management , leadership in information technologies and consideration of customer inclinations. In 2016, our second Factory built in Sinop Industrial Area, consist of 10,000 square meters.

Currently we produce in Sinop and in Istanbul and manages all processes of logistics, marketing, finance and merchandising efficiently from our Istanbul Headoffice/Factory. We produce for leading retailers in Europe and around the world, working closely with our customers as partners to provide the complete solution to their hosiery needs.

We take pride in delivering customer satisfaction with continued factory improvement through investment in people and technology, reliable services and delivery. Our production is with a wide range of fashion lead socks and tights, casual heavy gauge socks, pelerine socks, true argyle socks, technical sports socks including running, trekking, general fitness, football, basketball, tennis, cycling, skiing plus compression socks.

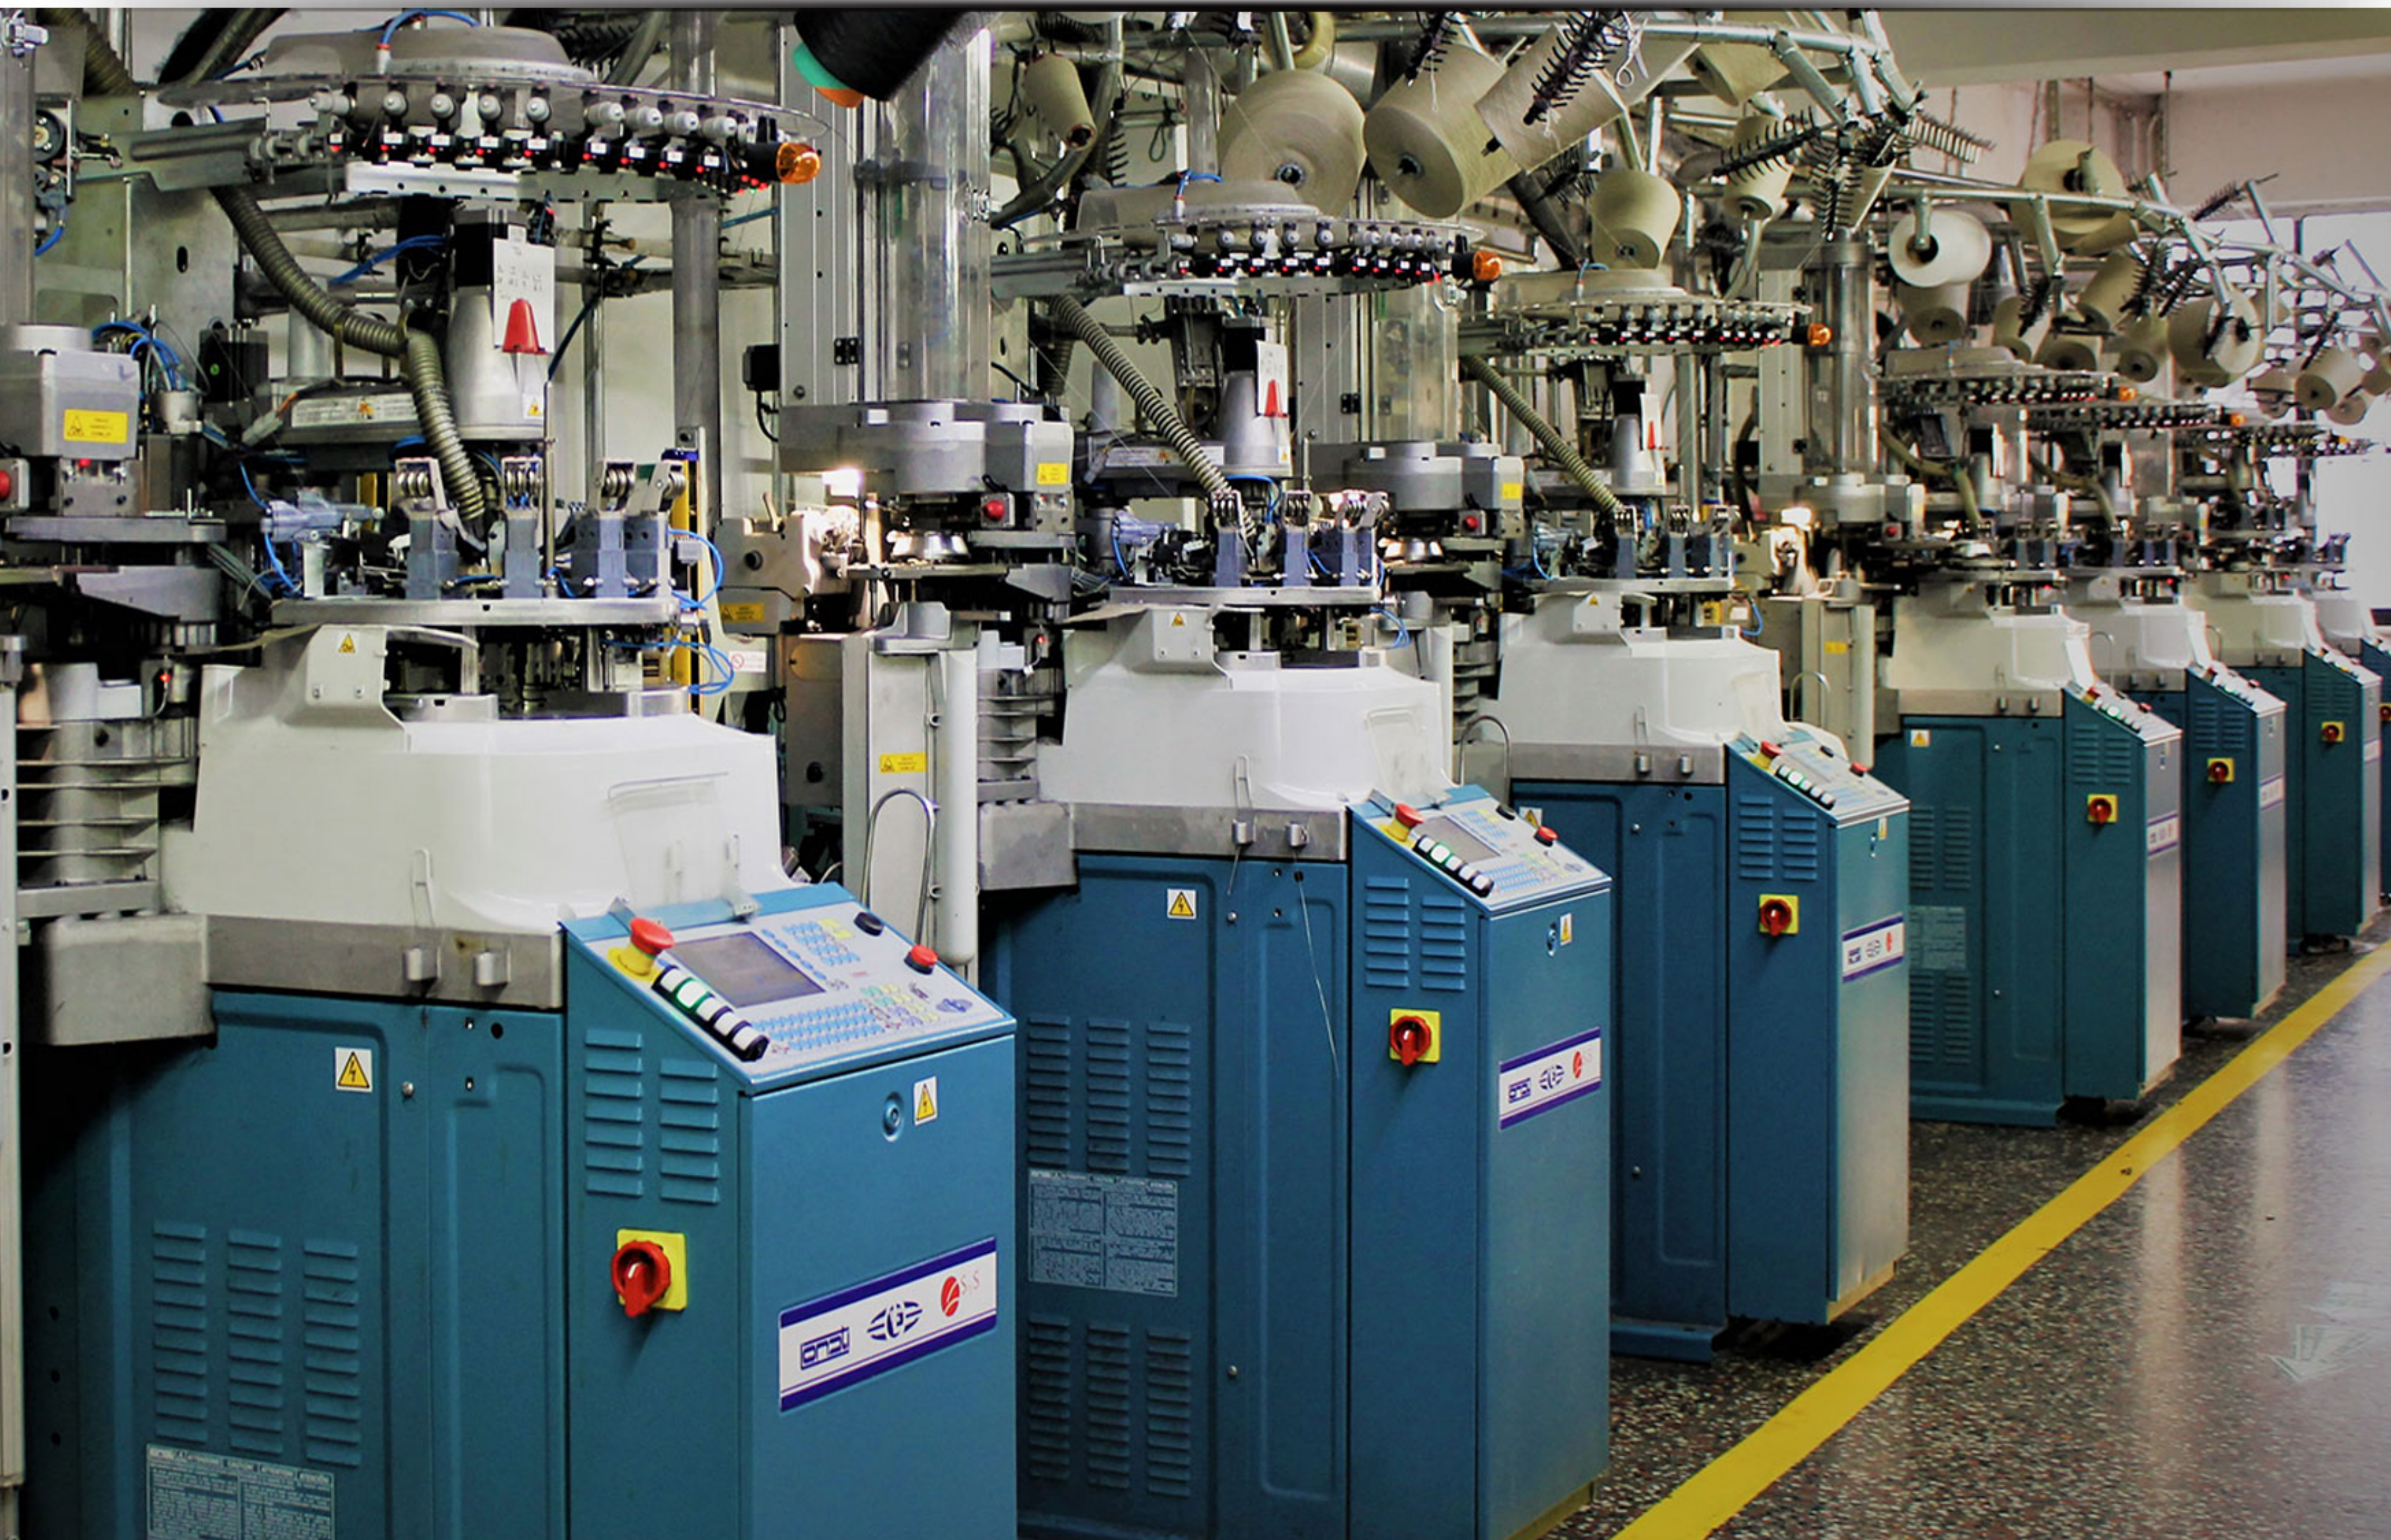

We can provide unconditional customer satisfaction with **experienced staff and modern technology.**

Temu Istanbul Factory

Having over 25 years of experience and annual 10 million pairs export capacity, Temu Socks continues to produce quality socks in accordance with the principles and requirements of the age by following closely developing and innovating technology.

We take successfully firm steps forward on a stable development and growth way without compromising our policy of focusing on customer satisfaction and our quality thanks to the latest technology equipment and our young and dynamic team by always expanding our business. Departments of manufacturing, ready-made, washing and packing are within the scope of our company. Therefore each stage of production takes place in our company and the quality of product is always checked during the production. We highly elaborate quality and aesthetics.

The machine park of our Sock Knitting Department consists of single cylinder and double cylinder machines. The latest innovations in technology are followed in our production park and faster and better quality products are achieved thanks to these investments.

In our production, we try to obtain the widest variety of products by using cotton, organic cotton, linen, bamboo, viscose and all polyamide based yarns.

The machine park of our sock knitting department is equipped with the latest technology and is divided into two subgroups, one is single-cylinder-machines (14 gauge) and the other group consisting of double-cylinder-machines (5 gauge, 6 gauge, 14 gauge).

With the product tracking and stock management modules of ERP system, all of our process can be followed. This ERP system is also to use warehouses efficiently and provides to address all of the products. As a result of this it becomes easy to find every product in the warehouse quickly.

Using this experience and knowledge of over 25 years, High levels of quality control processes are in place from the very start in raw material input controls and through all processes to final inspection, packing and dispatch.

Mute

Sinop Factory

As a result of the rapid developments in 2016 a new facility with the serial production model has been established in SINOP with a modern structure to produce in high volume in a wider variety of fields. It carries out its sock production with success by creating new product ranges in its own new building which contains production,

pressing, packaging, toe sewing, warehouse, management. Thanks to our remarkable machine capacity ,we are capable of producing over 10 million pairs only for export purposes. We have internationally recognized licences such as ISO and BSCI, SEDEX, EKOTEKS

**Equipped with
modern,
technology and
environment
friendly production
processes
and run by
a creative team.**

Due to newest technology and significant investments made in knitting, toe-sewing, packaging; our target is still to produce the best quality at reasonable prices.

Mute Socks carries out ironing operations with maintaining heat, time and pressure settings at an optimal level with Heliott brand full automatic steam type iron machines.

All processes are important until the product becomes final. our company is committed to provide the most proper and qualified products for the health and comfort of the people.

Thanks to its advanced technology machine park, Mute Socks is a company which has a wide scale machine park which is able to meet customer demands. It can produce products with any dimensions and technical specifications with its single cylinder, computerized machine park.

Mute Socks, which is differentiated with the range of raw materials used in production, serves its customers with fast production and virtually error free product delivery.
